BUTLER'S SIDE WINS SUIT.

Recovers Possession of Empire City Track From Lease.

WHITE PLAINS, Dec. 3.—The Empire City Racing Association, of which James Butler is president, won its action to recover possession of the racetrack at Yonkers from the National Film and Export Company when a jury returned a verdict in its favor in the Supreme Court here to-day.

The action, brought on allegations that the fair company had not lived up to the terms of a five-year lease of the track, beginning in 1913, was tried before Justice Morschauer and the jury nearly two weeks. The Empire City Association charged that the fair company had not held fair at the racetrack as advertised, and had damaged the property using it as a rendezvous for war horses. Justice Morschauer in his remarks held that the facts of 1913, 1914 and 1915 were not in compliance with terms of the lease.

Lev. P. Davis, counsel for the defense, announced after the verdict that the case would be appealed.

N. Y. U. Five Plays To-night.

An final preparation for the contest will be given to-night, with practices in progress, and in the manipulation of several trick formations yesterday afternoon. The first five has had little trouble in defeating the second and freshman teams in all the scrimmages and practice games which have been held during the last two weeks. The varsity probably will be White, Cummins, Storey, Cain and Kranichfeld.
